

REFLECTION

LEARNING IN EXPERIENCES IN ART DESIGN & MEDIA

Art, Design and Media Student Award 2012

ADM-HEA invites students on UK-based art, design or media higher education courses to enter this year's competition. This year we are asking students to submit an image or piece of multimedia (visual / audio / film / etc), accompanied by a short statement, that reflects the epiphanies, inspirations, enablers and opportunities that are part of the experience of higher education.

All submissions that adhere to the guidance and specifications will be displayed in issue 17 of ADM-HEA's online *Networks* publication. The winner and runner up will be selected via an online voting system.

The overall winning submission will receive £300. There will also be a runner up prize of £100.

The closing date for entries is Friday, 3 February 2012.
